### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Zachary Stern on 08/06/2004.

The application has been amended as follows:

Claims 52-93 have been cancelled.

In claim 43, "pivotal movement" (line 4) has been replaced with – pivotal positions—

In claim 44, "the fact that" (line 2) has been deleted, and "pivotal movement" (line 4) has been replaced with – pivotal positions—

In claim 45, "pivotal movement" (line 4) has been replaced with – pivotal positions –

2. Claims 40-41 are generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 44-47, directed to the other species no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim. Accordingly, claims 40,41, and 43-51 are allowed.

3. The following is an examiner's statement of reasons for allowance: applicant's remarks and argument regarding newly amended claims have been fully considered and they are persuasive. As pointed out by the applicant on p.16-19, the prior art of

Art Unit: 3764

record fails to teach or render obvious a massaging apparatus comprising: a supporting directly connected to a therapeutic member by a supporting shaft, the supporting arm being pivotally supported on the massaging apparatus and the supporting arm being movable along a body of a user; and in combination with all the elements and further including a pivotal-position-detecting sensor configured to detect that the supporting arm has reached a prescribed range of pivotal positions; and a control element configured to determine a position of a specific portion of the body of the user with respect to the massaging apparatus from a vertical position of the supporting arm at a moment when a pivotal position of the supporting arm has reached the prescribed range of pivotal positions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
